In great condition all in 1 printer. Fax, scan, copy, print. It has options for all sorts of paper size and color and black ink. Has ink inside and I have extra ink rolls brand new. The ink alone is worth 200 and a refurbished printer same kind cost over 2000. I closed my business and dont need it but i have to move out by Feb 20th. Must be picked up in Atascadero. Any reasonable offer will be accepted. Feel free to message and negotiate. For some reason I cant upload pictures. But message me and I can send them.
